LL500
www.drivedevilbiss.co.uk

Developed with innovative and super strong carbon fibre, it provides a stylish slimline design, is super lightweight and folds easily to an excellent compact size.

Designed to be exceptionally easy to transport; the AirFold is compact and lightweight, featuring a convenient integral grab handle to aid carrying and lifting into a car boot.

This premium chair comes with a protective two handled storage bag as standard which helps to move and protect the chair from scuffs during transportation. The integral grab handle and storage bag handle make it easy to pull along in trolley style.

Features:

- » Super lightweight at only 17.6kg with batteries (15.85kg without)
- » A slimline and compact design
- » Stylish black flecked carbon fibre with a smooth and sleek frame
